

Civil Society Representative | Cameroon

Valérie Gystiane Tsemo | Femmes, Santé et Développement (FESADE)

Valérie Gystiane Tsemo is a Program Manager at Femmes-Santé-Développement (FESADE), a Cameroonian NGO dedicated to advancing family planning and reproductive health (FP/RH). In her role, she leads the development, implementation, monitoring, and coordination of FP/RH projects, as well as resource mobilization efforts aligned with Cameroon's national family planning work plan. She also serves as the FP2030 Civil Society focal point in Cameroon, positioning FESADE within the country's broader family planning agenda. A committed

advocate for gender-transformative approaches, Valérie Tsemo believes that progress in family planning is inseparable from the broader fight against gender inequality, and she brings this perspective to her engagement with the GFF Investors Group.

Civil Society Representative | Ethiopia

Abebe Kebede | Consortium of Reproductive Health Associations (CORHA)

Abebe Kebede is the Executive Director of the Consortium of Reproductive Health Associations (CORHA) in Ethiopia, an umbrella civil society organization dedicated to improving reproductive health and the overall quality of life for people across the country. In this capacity, he amplifies the voice of Ethiopian civil society in high-level global health financing discussions. A recognized advocate for family planning, maternal and child health, and women's and girls' reproductive decision-making, Abebe Kebede has engaged a wide range of stakeholders

— including the Ethiopian Ministry of Health, development partners, members of parliament, health worker associations, and journalists — to advance the health and nutrition agenda at national and international levels.

Youth Representative | Uganda

Arafat Kabugo | Naguru Youth Health Network (NYHN)

Arafat Kabugo is a Ugandan youth advocate and Programs Manager at the Naguru Youth Health Network (NYHN), a youth-led organization in Kampala working since 2018 to empower young people to advocate for high-quality sexual and reproductive health (SRH) services. He also co-chairs the Global Youth Platform for the GFF, mobilizing youth engagement in advocacy for improved health outcomes for women, children, and adolescents. A graduate of Makerere University, Arafat Kabugo leads NYHN's use of the i-Report platform — a digital community-led monitoring tool enabling young people to collect data on SRH service delivery and hold decision-makers accountable. He spearheaded the rollout of i-Report across 10 districts and has been a consistent voice for meaningful youth inclusion in health policy design at national and global levels.

Civil Society Representative | Kenya (Outgoing)

Dr. Margaret Lubaale | Health NGOs Network (HENNET-Kenya)

Dr. Margaret Lubaale is the Executive Director of the Health NGOs Network (HENNET-Kenya) and serves as the CSO Implementer Group Alternate on the GFF Civil Society Coordinating Group (CSCG) Steering Committee. With over 20 years of experience, she leads HENNET in empowering civil society organizations to drive transformative change in Kenya's health sector. Her expertise has been instrumental in advocacy for Primary Health Care, Maternal, Newborn, and Child Health, and immunization financing. Dr. Lubaale also represents civil society on the Advisory Panel for Kenya's Social

Insurance Fund, where she advances the agenda for Universal Health Coverage. Her sustained engagement across national and global platforms reflects a deep commitment to health equity and civil society leadership.

Civil Society Representative | Madagascar (Outgoing)

Faniry Hantanirinivo Ramarosona | HINA Platform

Faniry Hantanirinivo Ramarosona is President of the Board of Directors at HINA Platform and the President and Founder of the NOSYM Youth Network in Madagascar. She has served as the Francophone Civil Society Representative to the GFF Investors Group, bringing over 12 years of experience coordinating and managing poverty alleviation programs across Madagascar and Africa. Her work spans health, nutrition, gender equality, social protection, water and sanitation, women's empowerment, food systems, and human rights. An expert in advocacy, communications, governance, and partnership management, Faniry Hantanirinivo has demonstrated a sustained commitment to placing vulnerable and marginalized communities at the centre of humanitarian and development programming.

Youth Representative | Zimbabwe (Outgoing)

Tjedu Moyo | Lunia Centre for Youths

Tjedu Moyo is the Founder and Executive Director of Lunia Centre for Youths in Zimbabwe, an organization that serves as a hub where young people collaboratively drive change across climate change, public health, and gender equality. An activist, advocate, and skilled facilitator, she holds an Honours BSc in Geography and Population Studies from Lupane State University. With over five years of experience strengthening community health systems — through work with Health Centre Committees, Village Health Workers, and Peer Educators — Tjedu Moyo has built a track record of translating grassroots engagement into meaningful policy impact. She holds a strong conviction that young people are capable and essential drivers of change, and she brings that perspective to her engagement with the GFF Investors Group.
