**Investment Case Priorities**

1. Strengthen RMNCAH-N:
   - Strengthen maternal health and newborn health services.
   - Strengthen and improve visibility of adolescent reproductive health services.
   - Scale up and expand the coverage for reproductive health services.

2. Scale up the child health program by:
   - Scaling up coverage of the immunization and vaccine development program.
   - Scaling up the Care for the Sick Child program and emergency triage assessment and treatment.
   - Strengthening the implementation of the Integrated Management of Child Illnesses interventions.
   - Scaling up newborn, infant and young child feeding services.

3. Strengthen the response to cross-cutting issues:
   - Strengthen RMNCAH interventions through the operationalization of the annual One Plan operational plan.
   - Improve the availability of RMNCAH and nutrition commodities.
   - Strengthen community involvement in RMNCAH and nutrition services.
   - Provide comprehensive health promotion and education services in all RMNCAH programs.
   - Strengthen RMNCAH management.
   - Strengthen information system and operational research activities (including civil registration and vital statistics).

**Monitoring the Country-led Process**

1. Investment Case was identified
2. Priorities fully funded*
3. Country platform for RMNCAH or equivalent (e.g. national health plan) has been identified
4. Results monitoring strategy and framework in support of IC*
5. Country-led multi-stakeholder platform (e.g., new or established from an existing platform)
6. Government focal point
7. An inclusive country platform process with CSG engagement
8. Health financing reforms identified
9. World Bank-funded project in support of the IC
10. Civil registration and vital statistics (CRVS) identified
11. Community mobilization or early country platform meetings to discuss results arising from implementing the annual One Plan

**Resource Mapping**

- World Bank-funded Project
  - IDA/IBRD/ODF
  - Project ID: 75073
  - Country: Tanzania
  - Board Date: 5/28/15
  - GFF ID: 540M
  - IDA Amount: $200M
  - IDA Allocation: $190M
  - SDR Allocation: $10M

**Geographic Focus Areas**

- Tanzania
- Total $US368,360,131
- World Bank-funded project
  - IDA/IBRD/ODF
  - Project ID: 75073
  - Country: Tanzania
  - Board Date: 5/28/15
  - GFF ID: 540M
  - IDA Amount: $200M
  - IDA Allocation: $190M
  - SDR Allocation: $10M

**Health Financing Indicators**

- CORE HEALTH FINANCING IMPACT INDICATORS
  - Health financing indicators per capita financed from domestic sources: 11.2
  - Ratio of government health expenditure to total government expenditures: 7.43%
  - Percent of current health expenditures on primary/curative care: 48.64%
  - Incidence of catastrophic and impoverishing health expenditures: 10.3% catastrophic, 2.8% impoverishing

- OUTPUT INDICATORS
  - Share of health in total government budget: Not available
  - Monitoring of catastrophic and impoverishing health expenditure with data less than three years old: No
  - Country has implemented or updated resource mapping exercise: Yes
  - Implemented strategies to reduce key drivers of insufficiency: Yes
  - Identified options for strengthening demographic resource mobilization: Yes
  - Identified drivers of limited financial protection: (especially in relation to RMNCAH services): Yes

- EFFICIENCY
  - DTP3 dropout rate: 2.02%
  - ANC dropout rate: 36%
  - Health budget execution rate: 91.7%
