Burkina Faso has completed a preliminary analysis of the resources available for the Investment case. Domestic resources from the government account for 48 percent of financing available for the investment case, which is on par with external resources that are equivalent to 45 percent of investment case financing. Out-of-pocket spending from households is approximately 7 percent of expenditure on the investment case, while less than 1 percent of spending is from private sources.

**Resource Mapping**

**Health Financing Core Indicators**

- Health expenditure per capita financed from domestic sources: US$16.42
- Ratio of government health expenditure to total government expenditures: 11.03%
- Percent of current health expenditures on primary/outpatient health care: 78.34%
- Incidence of catastrophic and impoverishing health expenditures: catastrophic Not available 1.92% impoverishing

**RMNCAH-N Core Indicators**

- Maternal mortality ratio: 330 per 100,000 live births
- Neonatal mortality ratio: 23 per 1,000 live births
- Under-five mortality ratio: 82 per 1,000 live births
- Adolescent birth rate: 133 per 1,000 women
- Percent of births <24 months after the preceding birth: 17.4%
- Stunting among children under 5 years of age: 25%
- Moderate to severe wasting among children under 5 years of age: 8.4%
- Under-five mortality ratio: 11.03%
- Stunting among children under 5 years of age: 25%
- Moderate to severe wasting among children under 5 years of age: 8.4%

**Health Financing**

- Results monitoring strategy and framework in support of IC*
- Country-led multi-stakeholder platform (e.g., new or established from an existing platform)
- Government focal point
- An inclusive country platform process with CSO engagement
- Health financing reforms identified
- World Bank-funded project in support of the IC
- Private sector engagement
- Civil registration and vital statistics (CRVS) made a priority
- Management of medicines and supplies / supply chain interventions

---

**Other Areas of Interest**

- SCORES
- Country platform holds regular country meetings to discuss results arising from implementing the IC and corrective action
- Government focal point not yet identified
- CSOs not included in the process
- CRVS identified as a priority in the investment case
- Project under preparation
- OHR not identified as a priority
- Supply chain / commodity management identified as a priority

---

**Country-led Process Monitoring**

- Investment Case in Development
- Not prioritized within available funding
- Not developed
- Not yet established
- Government focal point not yet identified
- CRVS not identified as a priority
- OHR not identified as a priority
- Supply chain / commodity management identified as a priority

---

**Country Focus Areas**

- Improve equitable access to and utilization of an integrated package of high-impact RMNCAH-N interventions.
- Strengthen the health systems pillars of human resource availability and infrastructure, equipment, and commodities.
- Improve governance of the health system, including financing, civil registration, information systems, and multisectoral coordination.
