Central African Republic

Country Focus Areas

- Focus on an increasing access and improving the quality of a high-impact package of RMNCAH-N services through performance-based financing and free services for pregnant and breastfeeding women, children under five, and victims of gender-based violence.

- Reduce fragmentation by integrating humanitarian and development financing.

- Strengthen health information systems by aligning the investment case results framework with ongoing health information system reforms.

RMNCAH-N Core Indicators

<table>
<thead>
<tr>
<th>Indicator</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>Maternal mortality ratio</td>
<td>882 per 100,000 live births</td>
</tr>
<tr>
