 - Si vous avez des difficultés techniques, veuillez d’abord rafraîchir la page de votre navigateur Internet. Si le problème persiste, veuillez (1) cliquez sur la fonction « Messages », (2) sélectionner « Operateurs »
 - en haut à gauche, et (3) décrire votre problème à l’équipe technique.

Questions

- Please communicate questions and comments via email to Joy Gebre Medhin (jgebremedhin@worldbank.org)
 - Please specify your name, position and country
 - **Please do not send questions and comments in "Messages"**
-
- Veuillez communiquer toute question ou commentaire par e-mail à Joy Gebre Medhin (jgebremedhin@worldbank.org)
 - Veuillez spécifier votre nom, rôle et pays
 - **Veuillez, s'il vous plait, ne pas envoyer vos questions dans la section « Messages »**

Fiscal and Monetary Policies in the COVID-19 Response: Exploring the Effects on Health Financing

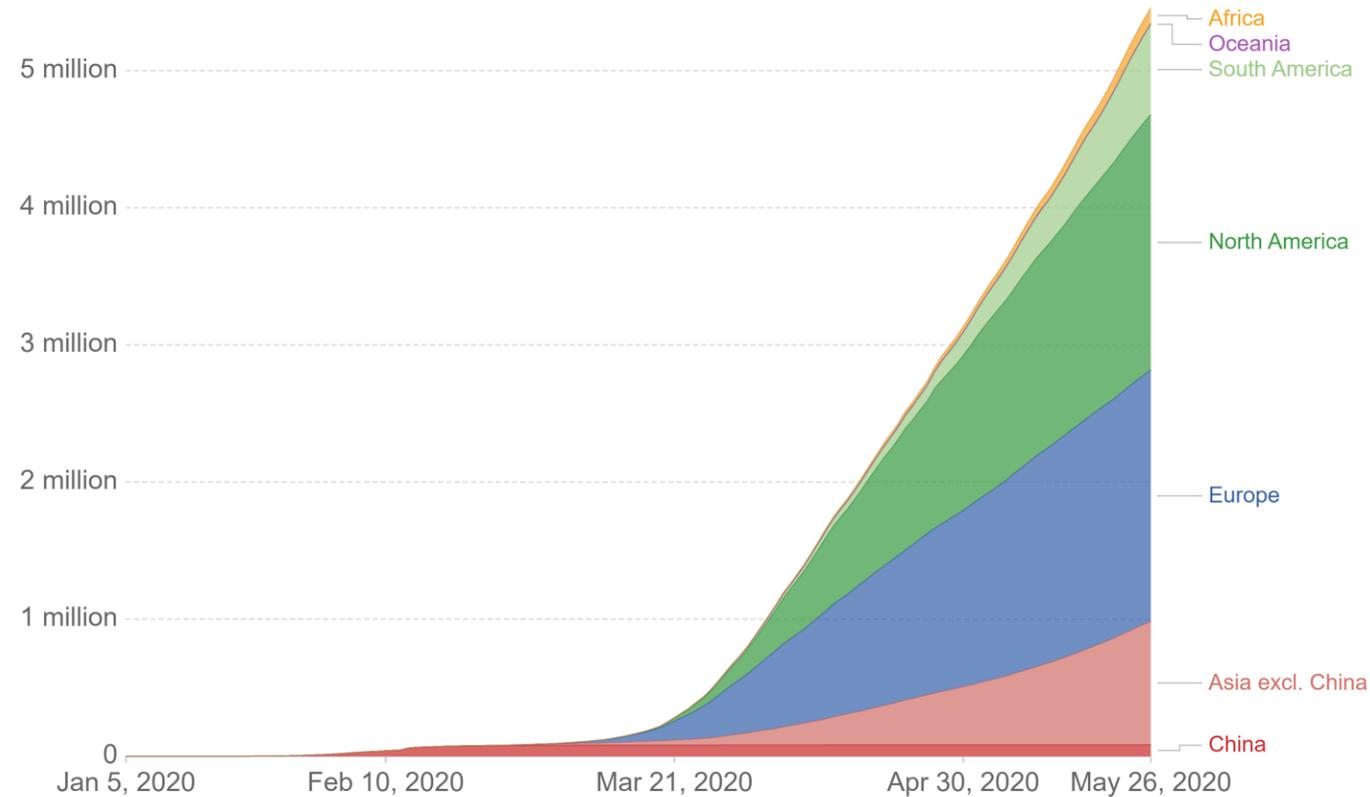

Iryna Postolovska, Christoph Kurowski, David B. Evans, Ajay Tandon,
Patrick Hoang-Vu Eozenou, Jewelwayne Cain, Martin Schmidt

May 26, 2020

COVID-19 has hit countries with a double shock: both health and economic

Total confirmed COVID-19 cases

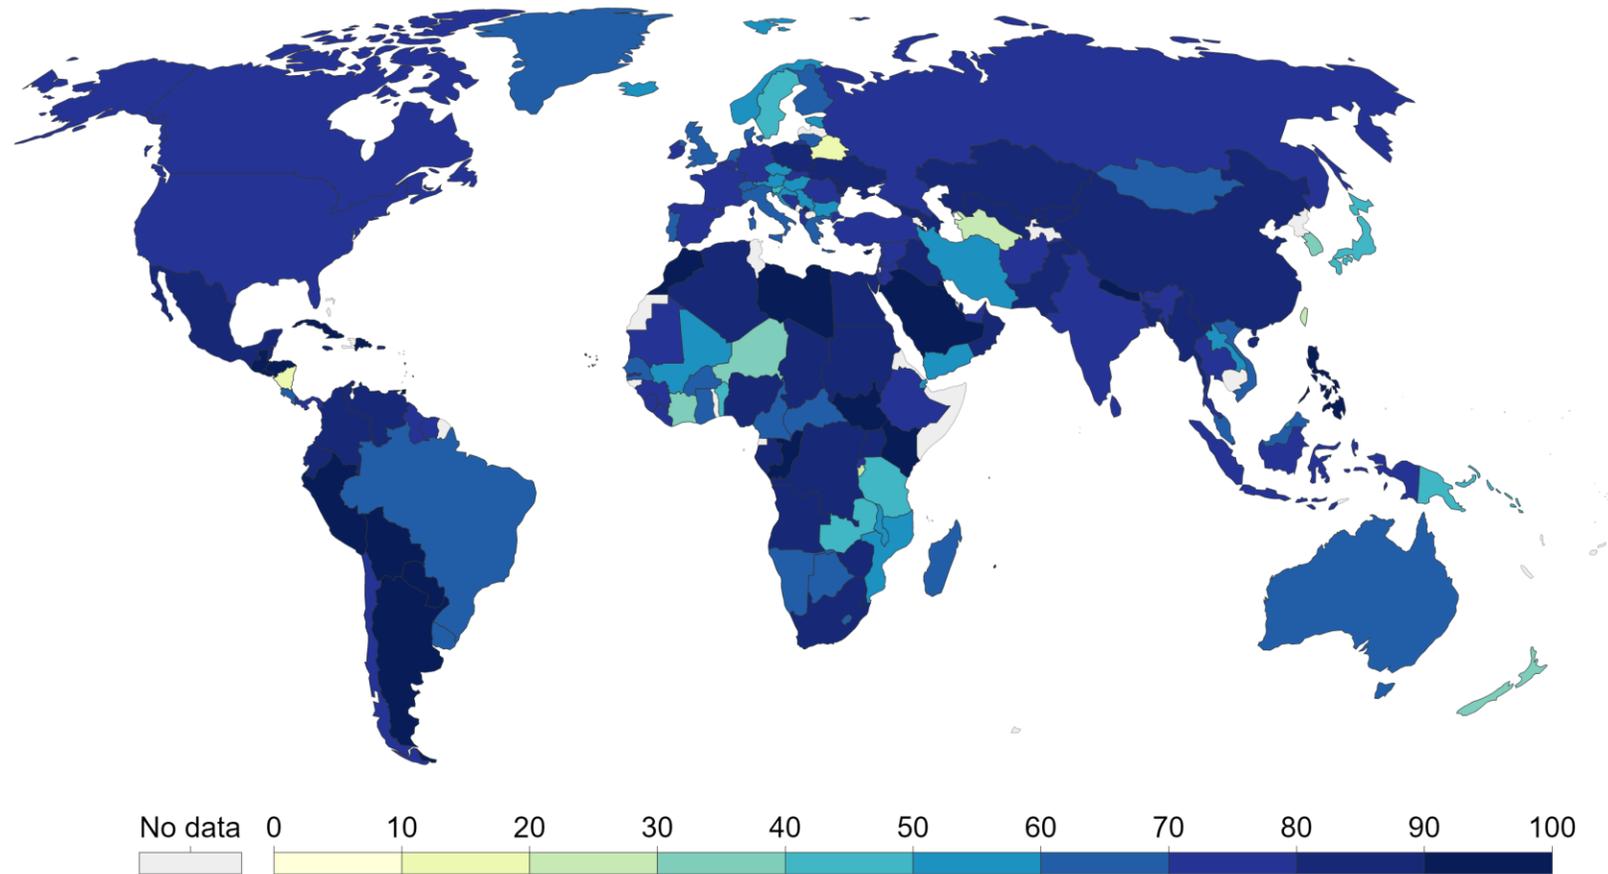

Source: European CDC – Situation Update Worldwide – Last updated 26th May, 11:00 (London time) OurWorldInData.org/coronavirus • CC BY

Note: Number of confirmed cases is lower than the number of total cases due to limited testing

Most countries have implemented stringent measures to stop the spread of the pandemic

The Government Response Stringency Index (May 23, 2020)

Source: Hale, Webster, Petherick, Phillips, and Kira (2020). Oxford COVID-19 Government Response Tracker—last updated 11th May. <https://covidtracker.bsg.ox.ac.uk/>

Notes: The Government Response Stringency Index is a composite measure based on nine response indicators (including school closures, workplace closures, and travel bans), with 100 = strictest response. The index captures whether such policies have been enacted and should not be interpreted as scoring the appropriateness or effectiveness of these measures.

COVID-19 macroeconomic outlook

DECLINING GDP
GROWTH

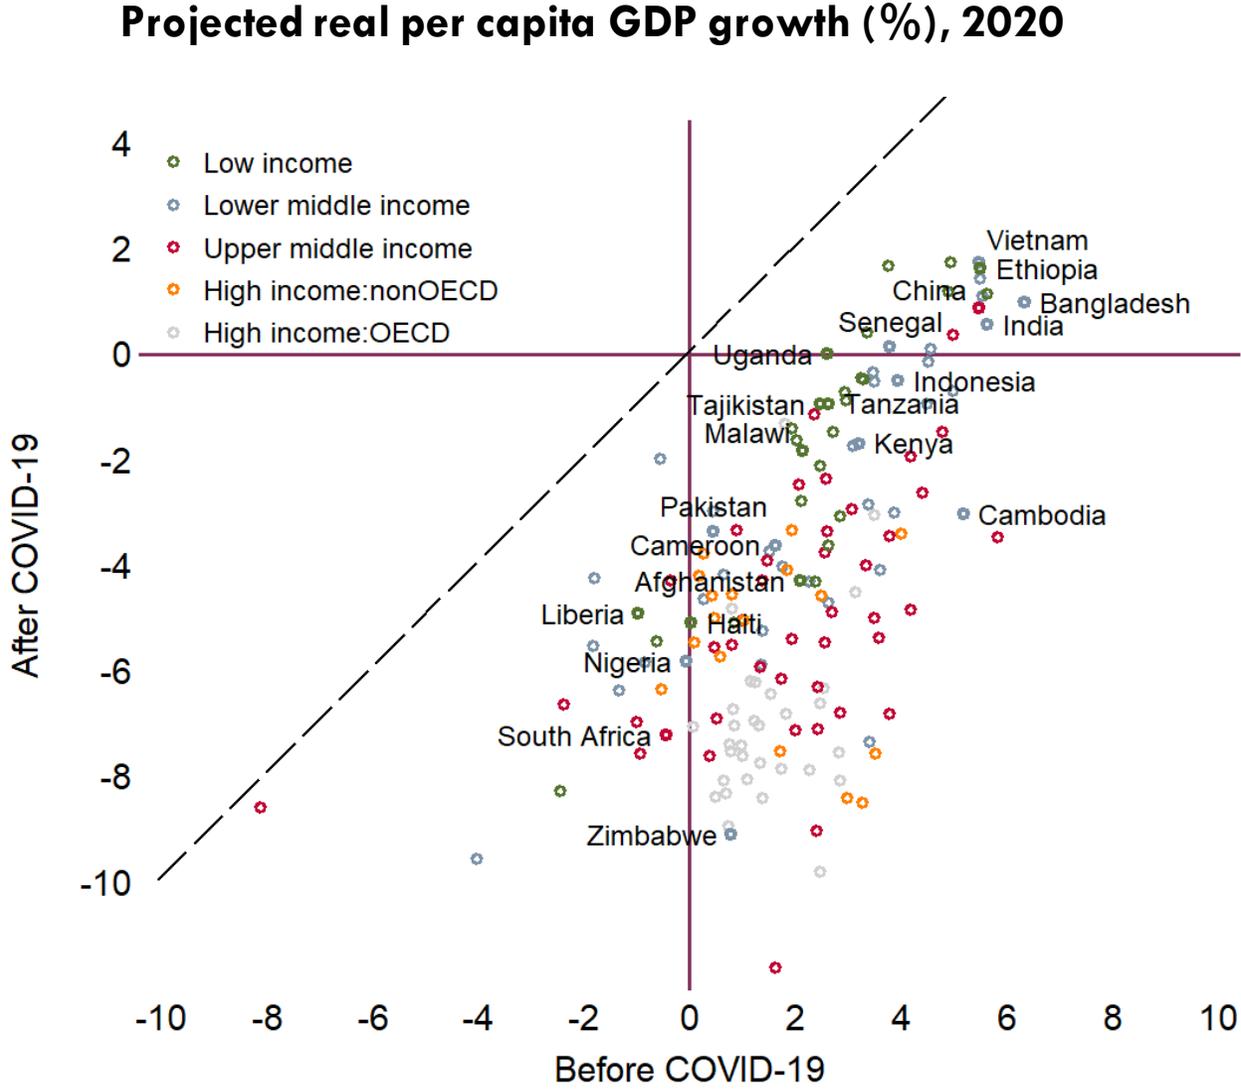

DECLINING REVENUES

RISING EXPENDITURES

Economic growth projected to decline
