COUNTRY-POWERED INVESTMENTS FOR EVERY WOMAN, EVERY CHILD.
Review of the GFF Governance Document was intended to:

- Review areas where the document requests adjustments to be made after one year’s experience
- Address gaps that emerged in the governance mechanism
- Provide greater clarity and guidance on how the IG should operate
Governance Review: Objectives

- Facilitate the coordination between key investors in the GFF to support collective action;

- Strengthen the credibility of the governance structure and its ability to mobilize additional financial resources and build commitment of partners;

- Strengthen the representative nature of the Investors Group and facilitate feedback and learning from country partners;

- Give equitable voice to country level and global investors in women and children’s health;

- Provide flexibility to respond to changing needs and circumstances
Governance Review: Main adjustments

- The Investors Group agreed:
  - Important to balance the overall size of the IG with flexibility in bringing in new partners:
    - Adapt membership based on how the GFF evolves
    - Donors that meet TFC threshold will get IG membership
    - Country representation should be balanced with donor seats
  - As of now, best for the IG to maintain its current size;
    - Includes one member and one alternate from each delegation
  - No additional thematic seats to be added but flexibility in inviting experts to the IG based on the needs of the agenda;
  - Develop criteria for guidance on the role of observers.
  - Moderate attendance: member and alternate only
  - Set Parameters for Task Teams.
